I. General Information

A. OVERVIEW

The Classic Center CCA (“CCA”, “Owner”), an Authority of the State of Georgia, in cooperation with the Unified Government of Athens-Clarke County (ACC), is soliciting proposals from firms specializing in Converged Network System (wired LAN & wireless LAN) equipment provision, professional installation, configuration, fine tuning, optional ongoing maintenance and related services (“CNS Provider”) for the Classic Center Arena which is in the early phases of construction. The CCA is also inviting proposals from firms specializing in onsite, ongoing management of such systems (“CNS Provider/Manager”), incorporating appropriate levels of CCA-purchased (from successful CNS Provider/Manager) and CNS Provider/Manager-owned equipment, as may be in the best interest of the CCA. The Project will be in Athens, Georgia near the University of Georgia in eastern downtown, and near the Hickory Street multi-modal transportation center.

CCA and ACC are currently working with Perkins & Will (“Architect”), the designer for the Arena, and its team who have designed backbone electronic architecture for the arena. The facility is being constructed in downtown Athens, Georgia adjacent to the convention and meeting facilities of the Classic Center Authority and is known as the Classic Center Arena Project (“Project”). The Project is one of a set of capital improvement projects included in a Special Purpose Local Option Sales Tax (SPLOST) which was approved by voters on November 5, 2019. SPLOST funds are providing only a minor portion of arena funding, with most of the funding being obtained through CCA initiatives. The Construction Management (CM) firm is J.E. Dunn, which, with its trade partners (to be determined) will coordinate any services and installation activities on the site, and the successful provider resulting from this RFP shall be subject to such coordination in a cooperative efficient and effective manner.

This Request for Proposals (RFP) seeks responsive and responsible proposals for provision of the equipment and services specified herein, including provision of the comprehensive installation and related services prescribed, or, comprehensive provision and on-site management. Responses to this RFP shall be reviewed by a select committee of CCA and ACC approved representatives. One or more respondents who provide proposals especially

advantageous to the Project, determined by utilization of the criteria herein, may be deemed apparent awardee(s), and eligible to meet and/or provide more information prior to possible selection and award of a prospective contract for goods and services. The CCA reserves the ability to request a Best and Final Offer for goods and services from one or more finalists as the CCA deems appropriate, and/or to negotiate certain aspects of proposed goods or services including final contract pricing.

Information submitted in response to this RFP shall remain confidential until such time that this procurement is completed or cancelled, subject to the exceptions and limitations of the Georgia Open Records Act. CCA reserves the right to communicate, through the issuing officer, with firms that respond to this RFP for additional information or clarifications. All respondents to this RFP are subject to instructions communicated in this document and are cautioned to completely review the entire RFP and follow instructions carefully.

CCA intends to award the entire scope herein to a successful firm but reserves the right to award to multiple (limited) firms if CCA determines necessary for the best interests of the CCA and Arena project. CCA retains the right to reject any or all proposals or subsequent submittals and/or proposals, and to waive technicalities, irregularities, and informalities, and retains the right to cancel or conclude this solicitation or any subsequent procurement at any time without selecting a firm to provide the described services, without any liability to any respondents, or any other person or entity, and is under no obligation to make an award relating to this RFP or subsequent procurement to any person or entity. The final terms of any agreement(s) contemplated by this solicitation or subsequent solicitation will comply with the final terms and conditions of the CCA; subject, in all cases, to strict compliance with the applicable laws and ordinances of the of the State of Georgia and Athens-Clarke County (ACC).

B. IMPORTANT- A RESTRICTION OF COMMUNICATION IS IN EFFECT FOR THIS SOLICITATION.

From the time of advertisement of this solicitation until final award is made to a successful respondent from any subsequent procurement and such award is announced, interested firms are not allowed or permitted to communicate about this solicitation or envisioned scope with any staff or any official representatives of the CCA, ACC, or their consultants to the Project, except for submission of questions as instructed in the RFP, or as provided by any existing work agreement(s). Finalists and Apparent Awardee(s) of any subsequent procurement are restricted from making public statements or press releases about their selection as finalists or their apparent award. For violation of this restriction, the CCA reserves the right to reject the submittal of the offending respondent.

Main IDF – 134 total ports – (4) 48-port switches = 58 spare ports

IT-4S1 - 180 total ports – (5) 48-port switches = 60 spare ports

IT-4S2 - 160 total ports – (4) 48-port switches = 32 spare ports

IT-4S3 – 179 total ports - (5) 48-port switches = 61 spare ports

It shall be the responsibility of the respondents to indicate the brand name and model, or series number of the product offered and to furnish with their proposal such specifications, catalog pages, brochures or other data as will provide an adequate basis for determining the quality and functional capabilities of the product offered.

The construction delivery method for the Arena Project is CM/GC (construction manager at-risk), and any equipment/service provider will coordinate with, including in installation of some or all portions of the CNS equipment installation. Some of the required terms and conditions working with J.E. Dunn coordination are provided herein as **Attachment D to this RFP**.
